1260 Plain Bob Minor

(bW, sW, bW, sW, bH) x 5, bH

The basic part is 4 courses (a 240) which is effectively a H. So it comes round after 3x that, at 720 changes.

So we could ring 6x for a 1440, but that's a bit long; we exchange the final part with a H to get 1260.

1296 Cambridge Surprise Minor

Composed by Daniel W Brady

23456 B I F H

45236 - - -

42356 - - -

3 part.

Queens, 2 Tittums, 2 Kings/Whittingtons, Backgrounds.

CCCC-CCCC-CCC-

CCCC-C-C-

- From tenor: out make home; out in home
 - From 5: in out out; home make wrong
 - 18 leads per part (courses of 12 and 6 leads)
 - Quite easy to keep track of which course you're in: calls are spaced out in first course, are back-to-back in second
 - Note that the part end is 42356, i.e. same as a bob home
 - First false after 528 changes (22 leads) (this is at the first B in part 2 - confirm)
 - After 26 leads you get rounds again (confirm) (this is at lead end just before the make in part 2)
-
